6. *Educator Effectiveness Evaluation System (Paper #511)*. Adopt Alternative 1, which would approve the Governor's recommendation.

7. *High Cost Transportation Aid*. Provide \$5,000,000 GPR annually and create a new high cost transportation categorical aid program. A school district would receive aid if it incurred in the prior year general transportation costs above 150% of the statewide per member average.

Using cost data from 2011-12, the average transportation cost per member was \$403, and 150% of that amount was approximately \$605. There were 128 districts that incurred costs above \$605 per member for transportation, totaling \$15,537,200. This provision would reimburse approximately 32% of costs above 150% of the statewide average per member.

8. *Milwaukee and Racine Parental Choice Programs -- Per Pupil Payments (Paper #515)*. Adopt the Governor's proposed payment amounts for 2013-14 and set the payments for 2014-15 at \$7,210 for a K-8 pupil and \$7,856 (same as AB 40) for a pupil in grades 9-12. Specify that, beginning in 2015-16, the maximum per pupil payments in a given year be set equal to the maximum payment in the previous school year plus the revenue limit per pupil adjustment, if positive, provided to public school districts in the current year plus the change in categorical aid funding per pupil, if positive, from the prior year to the current year.

Provide that, beginning in 2013-14, the 38.4% aid reduction provision for the Milwaukee program would be reduced by 3.2 percentage points per year, until that program would be fully state funded. This would establish a 12-year phase-out of the current aid reduction. Specify that the current 38.4% aid reduction would not apply to any school district in which a choice program was established after July 1, 2011.

As a result of these provisions, compared to the bill, increase GPR funding by \$3,673,600 2014-15. Reduce the district aid reductions by -\$7,112,000 in 2013-14 and -\$14,062,300 in 2014-15. Increase net GPR by \$7,112,000 in 2013-14 and \$17,735,900 in 2014-15.

9. *Expansion of Parental Choice Program for Eligible School Districts (Paper #516)*. Delete the Governor's provision. Instead, specify that no more than 500 FTE pupils in 2013-14 and 1,000 FTE pupils in 2014-15 and in each year thereafter outside of MPS and RUSD would be able to attend a choice program substantially similar to the Racine parental choice program. Specify that a pupil's total family income could not exceed 185% of the federal poverty level to be eligible for the program. Specify that no more than 1% of the pupil membership of a newly eligible district could attend a participating choice school. Specify that the prior year attendance criteria under the Racine program would not apply to the expanded program. Provide that in order for a private school to participate in the 2013-15 biennium, it must have been in operation on May 1, 2013.

Specify that, for the 2013-14 school year, a private school must submit its intent to participate form to the Department by July 26, 2013. Provide that the Department must inform schools its receipt of the intent to participate form in writing and e-mail by July 31, 2013.

Specify that schools who have submitted the intent to participate form may accept student applications beginning August 1, 2013. By August 9, require each school to report to the

**Subject:** Redrafts on 0375 and 0376

Hi Fern,

I have a couple quick things on these two drafts.

On 0375, please change the payment language so that the payments are "equal to" 66 percent and 33 percent of the amount, not "not less than."

On 0376, I think you need to draft language parallel to 118.60(4)(bg)3. under 119.23 so the provisions also apply to the Milwaukee program. Also on 0376, I talked with Peter a little bit about this and I'm going to come up with a suggested definition of "statewide categorical aid per pupil," since that's not a really well-defined term. I'll include you on that e-mail.

Please let me know if you have any questions.

Thanks,  
Russ

**Subject:** Statewide categorical aid per pupil definition

Peter & Fern,

I would propose the following definition:

Statewide categorical aid = all the appropriations under 20.255(2) except for (ac), (bb), (fm), (fr), (fu), (k) and (m), plus 20.285(1)(r) and (rc), plus 20.505(4)(es) and (s)

Pupil = number of pupils enrolled as under the new s. 115.437 (LRBb0350/2) for the preceding three school years

Let me know if you have any questions.

Fern,

We think that more explanation/guidance needs to be added to page 2, lines 14-16, and page 3, lines 16-18, of this draft. Something to the effect that DPI shall determine the average maximum payment per pupil for each school. Let me know if you have questions.
